2015-2016

Last year, I introduced a true super hero that emerged at Selwyn House – The Memorator. Of course, the secret identity did not remain a secret for too long, and now everyone knows that mild mannered Mr. Bill Bedard has remained in this role. Once again, he has demonstrated vision, passion, dedication, and commitment. He has put forth an effort that is an example of what modelling is about, and we all need to be grateful.

Selwyn House is a relational school. It is what we stand for, and this publication gives you a strong visual depiction of what that means. Every day our students, and faculty, and staff, and parents, and community engage with each other in order to create something that in the end becomes truly remarkable. It is always quite a journey filled with all sorts of adventures, challenges, angst, and joy. The pace is extraordinary, and by taking the time to review this yearbook, you will realize how the Selwyn House experience is unlike any other.

Et ce fut toute une année! L'année scolaire 2015-2016 a été remarquable à tellement de points de vue. Il y eu des triomphes et des échecs, des hauts et des bas, ainsi que des moments chargés d'émotions, mais au final et en deux mots : l'année a été excellente. Le présent album de finissants occupera une fois de plus une place bien spéciale dans ma collection d'objets précieux. Il continuera de me rappeler tout ce que représente l'école Selwyn House, et tout ce que cette école a de formidable à offrir. Il constitue également le reflet de la contribution de l'ensemble de notre milieu. Cet album est une archive importante pour le plaisir de tous et je souhaite qu'on ne le tienne jamais pour acquis.

There have been so many involved with the publication and the glory needs to be shared. My deepest thanks extend to every single person who made a contribution. There have been so many who have gone way beyond the call of duty. Our student editor, Samir Gouin, did his part to provide much necessary leadership. Samir's work is so impressive, as is his leadership. So please read on and enjoy, look at each page, cherish the memories that you have been given and remember how VERITAS was alive and well in 2015/16. Let your imagination run wild and re-live everything about a truly memorable year. Once again, thanks Bill.

Warm wishes,
Hal Hannaford
Headmaster

I believe the Memorator is not so much a person as it is an idea. I just happen to be the one ultimately responsible for getting the yearbook put together and published. This year, it proved to be a daunting task and this yearbook arrived much later than anyone involved wanted.

There were the lows

- The Editor who left in January,
- The absence of Senior School students on staff
- Inexperienced MS and ES students taking on the challenge of doing a yearbook
- Photos getting mixed up
- Five advisors with too much on their plates
- Personal commitments that prevented me from spending the first three weeks of my summer vacation finishing the yearbook as I have done for the past 20 years.

There were the highs

- Samir taking on the additional responsibilities of Editor
- Five new advisors
- Yearbook developed as a program in ES & MS
- More occasional photographers
- Gr 10 students committing to helping with the 2017 book
- Four great students coming forward to volunteer for future Editor and Photo Editor positions
- Ms. Lana taking charge of Photography.

The 2016 yearbook is full of photos from many people who wanted to be part of the memorator movement. Thanks to them, you have this book full of fantastic snapshots from the year. If you are not happy with how long it took, roll up your sleeves and get involved. The yearbook will be much better if you become part of the memorator movement.

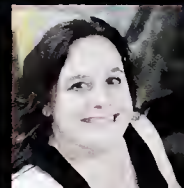

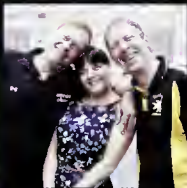

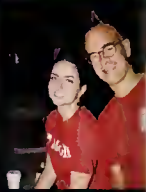

- Enjoy! - *The Memorator*

Samuel
Abramson

I don't think that I would recognize my grade 5 self, entering Selwyn for the first time. These seven years have been truly formative and I have many teachers and coaches to thank for this. Collectively, they have shown me what it is to be free within a set of boundaries, to be kind, and to work hard 10 hours before a project is due. Above all, I would like to thank Lucy Martin, David Grier, and Mike Bird for mentoring me through my Selwyn experience. I also have my friends to thank for being by my side unconditionally. They brought me up when I was down and I would like to say I've done the same for them. Something tells me I'll still be hanging out with them for many years to come. Gang. I vamoose from Selwyn knowing that I have everything to learn from the people around me and that I should be myself unreservedly. On that note, I leave you with this quote from a veritable luminary of the Jewish community.

"What are your genetics?"
-Ben Shapiro

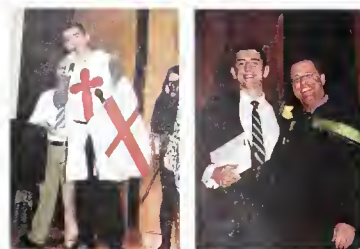

These last five years have been the weirdest of my life. I've done some of the funniest, craziest and stupidest things you might imagine. I have done all of this with my family and friends at my side. The best part of having these experiences at Selwyn is I have made those two words synonymous. No matter what journey I've embarked on during these years, I've been supported. I have never been more proud of so many people in my entire life. And I don't think I ever will be. I've always been taken care of, on account I'm so Yung'. For the last five years, every grade 11 class has reiterated to me how I should. "appreciate this place while you are here" now I'm not, and it feels terrible to be leaving. I feel extremely excited to be taking the next step, and I'm not scared because I am prepared. I want to thank my teammates, classmates, friends and brothers for being here for me. MC, FC, YB, GN, PK, WL you guys have all been brothers to me these past five years. I couldn't have asked for better people to help me through these times. I wanna thank my teachers, my parents, and all my boys for making these the best times ever.

Drew
Anderson

I can honestly say that these 12 years have been the best of my life. Grads of 2016: I love you guys. Shout out to the boys (you know who you are). I don't think any other group of guys could make high school more memorable. I'll never forget classic stories like when MH sent out a virus to all of middle school, the hockey team's brawl in Europe and AS scoring his first goal in Europe even though it came at a price. I want to thank my parents for their innumerable sacrifices and their endless patience with me. To Matthew, make the most of the rest of your time at Selwyn, before you know it you will be graduating. To Cameron and Grace, thank you for always making my life interesting. Finally, I thank my teachers for pushing me to exceed my potential, without your unwavering support and selflessness, I would not have matured into the person I am today. Although I'm sad I am because it over, I am happy and thankful because it happened. Proud to be a part of the 2016 GRADS!

"Things work out best for those who make the best of how things work out." John Wooden

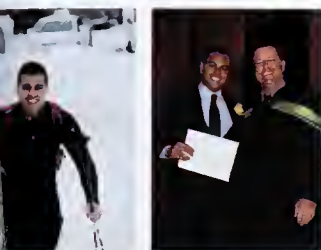

Many years ago I first walked into Selwyn. Before Kindergarten on my first tour of the school. I was nervous, and shy. The guide seemed like such a big kid and I never thought I would ever be like him. 12 years and over a 120 tours later I am that big kid. I have learnt so much at Selwyn and it has come to be my second home. I have laughed and cried here. Cracked jokes, learnt sarcasm, and most importantly made friends. We will all change after our days at Selwyn House are over, but inside we will always still carry those memories of everything that has happened here, of everything that we have done and learnt. I have learnt that you can like math, science and history. That good writing is not a key to success. Teachers can be your friends and they do too have lives outside of school. BS can and will save the day more often than not. Selwyn is a place that teaches many things. It shapes us, no matter where we go in our futures I hope that we can always remember where we came from. For we are Gryphons and will be for life.

After 12 years, I can finally say that I am graduating from the best school in the province. It has been a pretty crazy ride. I mean I went from being a kid who just dreamed about playing football to actually getting a scholarship for it. I would have never reached this point without all the teachers from Selwyn house. Every one of you guys knows my story and the challenges I faced. To the teacher's thank you for pushing me academically. To the athletic department, thank you. I would like to thank Mr. Maurovich for trusting abilities on the field. I would like to thank Mr. Addona for making me the athlete I am thanks to those countless hours in the gym. I would like to shout out my brother on and off the field, Greg. We made it buddy, we did it together and I love you! And we will meet up in University and play DI and then go pro, that is the plan until we make it there. Matt Feldman you are my blood brother and you helped me through thick and thin and I love you for that. So lastly I would like to say THANK YOU SELWYN HOUSE AND THANK YOU TO ALL MY SGOD BROTHERS OUT THERE. YAZ OUT!

I know for a fact that Selwyn has played an essential part in defining my identity over these past five years. I don't think that any other path would have led me to be the person I am now, full of confidence and an unmatched feeling of community. In this second home, I have learned that I would never need to play the part of someone I was not, that acceptance for even the quietest and shiest was guaranteed. The journey I have lived through resonates with experiences that have enhanced my skills and self-assurance, thanks to a teacher staff so dedicated to each and every one of us, that help was always available whenever we needed it. Perhaps most importantly, my time here has allowed me to bond with a group of guys who are the world to me, people that are so talented in so many different ways. Wherever we go from here, I know that we will all trace our roots back to our high school days at Selwyn House School.

12 amazing years at Selwyn would be impossible to put into words. There's simply too much to reminisce about to describe in so few words. With that said, I'd like to shout out my orca ninjas JK, GS, MC, BW, YB, ML, ST, CS, the rest of boyz and of course the entire OG lifer gang. It's been one hell of a ride and I love you all.

I cannot begin to describe how grateful I am to have attended Selwyn. The memories and bonds that I have forged over the last 8 years will stay with me for a lifetime. Though I will miss its warm atmosphere, Selwyn House has been integral to my ongoing development as a gentleman, scholar, and athlete I would like to thank all of my teachers and coaches, whose passion and dedication inspired me to realize my full potential. I would also like to give a huge shoutout to the boys (they know who they are). My time at Selwyn wouldn't be the same without them. Lastly, I want to thank my parents, for their unwavering love and support, and for their investment in my future.

I've always wanted to have one of those grad quotes that were really funny and made it big on the Internet. I think starting this off with a simple joke that demonstrates my kind of humor is the perfect way.

What did the dog say when he stepped on sandpaper?
"Rough".

I hope I don't sound cheesy when I say this, but being (get it) part of an amazing school is something many people do not get the opportunity to have. I want to thank every student in my grade for implanting amazing heart-warming memories. From amazing (7-1) Romeo and Juliet plays to seeing my two football/wrestling stars who I can call my Asian brothers, pursue a dream, nothing was ever a dull moment. The teachers who put their commitment to teaching me and made me a better student, I would like to thank you. (SS) (LF) (LP). The amazing coaches who pushed me to my very limits to work hard and become the best of who I can be (MM) (RM) (PG) (AP) (KB). And of course the most memorable family of all each and every Gryphon I ever played with. To the class of 2017. I challenge you to become a better leader than (GS) (GD) and (YB) on and off the field. Last but not least (CG) stay out of trouble now that I'm gone!

I will never forget Selwyn House. The past 5 years here have been amazing. Looking back, there are a few people I want to thank for sticking with me. My parents, for always pushing me and showing me that I am always capable of more. My sister, for helping me go through high school. My twin brother, you were always there when I needed you. When I talk to kids from other schools, a lot say that they hate showing up to school. I don't have that same feeling. I love coming to school everyday, even if I have a test or assignment due. Selwyn House is truly my second home, and it will forever stay in my heart. I will never forget veritas or what it means to be a Gryphon. Thank you Selwyn House

It is hard to believe that my time at Selwyn has come to an end. Its crazy how quickly these last 5 years have passed.~ I cannot thank all the great staff and teachers enough.~ You have made my journey through Selwyn the most amazing years of my life.

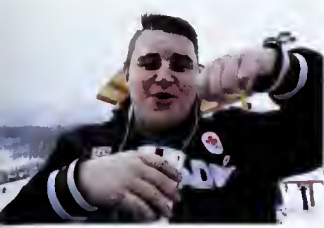

~
I also want to give a shout-out to the phys ed staff for knowing how and when to push us, and for helping us become better athletes.~ Not to mention putting up with my near-constant chirping. You have survived 5 years of yet another Dannenbaum~congratulations!

~
But most of all I want to thank my boys. You know who you are. Since my first day at Selwyn you have welcomed me with open arms.~ I am so happy and lucky to have met all of you.~ No matter where our lives take us, we will always be Brothers.~ You guys are the best.~ Cheers!

Last but not least, thank you to my amazing parents for supporting me through my journey. It is thanks to you, I am where I am today. Love you!!

I've always dreamed of graduation from the moment I started Selwyn, mainly because I was 5 and I was scared of this new experience. But now the day has come and I want to go back and do it all again. 12 years have past and the best memories happened in the last. I just want to quickly thank SA for being my day 1 homie that always had my back to the very last day of school and I hope we stay in touch after we graduate. Shout out to my boyz MF, JL, BW, MD, YB, JK, WR, GN, MH, GD, ML, JC, PG, DA, MDS, MC, FC, ST, GS, CS, TT, FC, DL, PK, AS. #FreeConor #FreeGoupzie #KEG #Shrew #FTB #EuroGang #ChwenyOnE #WELIT #BOUNNND #SGOD. I might not be tight with all of you guys but thanks for being with me at Selwyn and I couldn't ask for another group of guys. I hope that I can come back to Montreal and see all you guys again and hang out like we used to. I'll miss playing basketball and football for the Gryphons. To AG, OG, JS, TS, I'll be back next year to watch you guys play football and you better impress me.

These 12 years have honestly gone by so quickly. Walking through the Selwyn doors in kindergarden, I never imagined how close we would all become. The boys that I have been going to school with for the past twelve years of my life are way more than just classmates, they are family. I am going to miss each and every one of you boys and will always remember the memories and inside jokes we shared. Id like to give a shoutout to every single one of my teachers, from kindergarden to grade 11, who have helped me along this ride. A shoutout to my parents for supporting me throughout. And of course, I would like to give a major shoutout to all the boys who made my twelve years here incredibly fun and unforgettable. Its definitely going to be tough to leave Selwyn, but I'm going to be leaving knowing that I had the time of my life.

Here we are, 5 years later! The special bond we have at Selwyn goes a long way. The brotherhood here was real and I've been blessed to have been a part of it. Our countless memories will forever be cherished. Thanks to every teacher who dealt with my constant screwing around and never given up to guide me into becoming the young man I am today. Shout out Merritt for having a positive attitude day in and day out. Shout out Downey who believed in me when I couldn't believe in myself. Most importantly, shout out to all THE BOYS! MH, MF and so on! You know who you are. I believe in everyone single one of you and I hope all of you attain your goals. If it wasn't for my parents' love and support, I definitely wouldn't be here today. Thanks to my mother especially who always gave me that extra push I needed to do homework and to study. On to the next one but always remember to do it for the boys!! Once a Gryphon, always a Gryphon. Good luck with all your future endeavours. Je vous aimez les frères! During my time at Selwyn I learned that it's not about the grades, or the prestige, or anything materialistic. My experience was worth it solely based on the connections I made with my friends and the people around me. The atmosphere during my last couple years at Selwyn made everything worth it. Thank you to all my close friends and everyone else who helped shape my time here.

You can get back money, but you can never get back time. My Selwyn days will forever be remembered. There will never be anything comparable to Mark Watson's classes. These 12 years have flown by and I couldn't have asked for a better group of guys to do it with. Selwyn has made me the man I am today and I am extremely grateful. Selwyn will always be a huge milestone in my life because of the memories I made here. I would like to thank my teachers and all my coaches. I would like to thank my parents for supporting me with everything over the last 12 years; I don't know what I would do without them. Lastly, I would like to thank all of my brothers; you have all made my experience at Selwyn incredible. I'm never going to forget the memories made over the past 12 years. I wish everyone luck in their future endeavors. Selwyn, it's been real!

The memories made here at Selwyn House are some that I will cherish for the rest of my life. Since my first day in Grade 6, everything has gone by so quickly. No day has ever been the same. Even though I would walk into the same doors every morning, the experiences were always different. I always had a funny story to take home to tell my family. Now that it is coming to an end, I wish it would've gone by slower. The past six years at Selwyn have been the best years of my life. The bonds made between friends are some that I will always be grateful for. Now graduating, I am glad to say that these friends that I've met over the years have turned into my brothers. I know I will look back and appreciate all the experiences, fun times and great people I was surrounded by. Thank you to all the faculty and staff for all their support. The lessons and values that I have learnt are ones that will stay with me for the rest of my life. Lastly, thank you to my family, especially my parents for their unconditional love and encouragement. Shout out to the boys! You know who you are. Thank you Class of 2016 for an amazing six years! Best of luck to everyone!

For the past 12 years, I have roamed these halls giving every person I came across the hardest time possible. Why do you ask? Because I am a younger brother and that's what I do, not only in my family but also in the one that I have been welcomed into during my time at Selwyn. If I was nice to you, I hated you. If I was mean to you, I liked you. But some of you I actually just didn't like. Some say it's like we sat down for a minute and grew up into men, but really we're still just a bunch of hoys that want to have fun all day. I can't thank this place enough for shaping me into the person I am today. Although I still can't spell properly, I'd say my time here was well spent, whether it was in the classroom or in the hallway after getting screamed at by various French teachers. My brief sporting career at this school provided me with some of my best times. Having the Gryphon logo across my chest was an honour that I will never forget. Once a Gryphon Always a Gryphon #SGOD. All the Difference

Lockers emptied, the air lingers with
the faint odour of a million thundering steps
I am grateful that I walked this way
It has made all the difference.

A class of sixty, boys transformed through the years
Memories and connections that will last a lifetime
Trips and adventures that have thrilled
Unbreakable friendships, it has made all the difference.

Echoing dribbles in Macaulay gym
Sweaty soccer drills and spitting seeds at a doubleheader
Seasons spent some with wins others with losses
Team mates and coaches, they have made all the difference.

Flamboyant explosions and magnanimous teachers
Discovery of the exosphere to the tiniest neutrino
Une nuit en prison, un spectacle avec Rachid Badouri
Une culture découverte, merci infiniment.

Exams, essays, projects, reports
A thousand pencils used and even more lost
Veritas - a heart filled with spirit and mind with knowledge
Thank you Selwyn House, you have made all the difference.

So here I am on a Sunday night writing an assignment that happens to be due for tomorrow. Typical. These last few years at Selwyn House have been the best of my life. From rugby games to English class, every moment that was spent at this school was one that made me the man whom I am today. I would like to take this opportunity to thanks my fellow classmates, which have stayed by my side through stick and stone. After all of what we've gone through, I can truly call my once friends, brothers. To dad and mom I would like to thank you for supporting me through everything. Boys, we out.

Coming from a French mixed elementary school in Grade 7, it took me a while to transform into a true Selwyn student. I am completely shocked that my time here has already come to an end. Over the course of my "reMARKable" five year long journey I have been blessed to have had many amazing teachers. Every one of you had such a tremendous impact on me, especially PS, CD, LM, DG, both KB's, all the gym teachers, and Minna. Thank you Mr. Maurovich for being such a great mentor and for believing in me. I am thankful to Mr. Downey for always bringing out the best in everyone. I would also like to thank my parents and family for always being extremely supportive of me. I am forever grateful. Finally, to the boys - you know who you are. We have many great memories to cherish: Quebec City in Grade Nine, the Italy rugby trip, the Grad ski trip, the DOE Gold Trip and finally a memorable Grad weekend. Man, it feels like just yesterday when Drew failed in his attempt to cover up the sound of his iced tea can opening with a cough. I consider every single one of you to be my brothers and I really hope to stay close to you in the future. I look forward to seeing where we will all be when we attend reunions in the years to come. Although I am now moving on from Selwyn in my educational journey, Selwyn will always remain a part of me. SGOD

I can't believe it's already been 12 incredible years full of unforgettable memories. From the endless inside jokes and the general horsing around, I can safely say that Selwyn will always be a home to me. I'd like to thank my family for their love and all my teachers, especially TD, DG, BM, MM, JM, TD, AW and HH for everything. Merci aussi aux profs de Français. Whether it was skipping OSLC with DL or learning about relativity, it has really been an amazing 12 years. Thank you to all my brothers. The amazing friendships I have made with you guys will stay with me forever. Shout out to the degen-squad for the great times we've had and especially VE and DL (put some spec on their names!) Through the breezes and the storms, we've always been there for each other and will always be. Gryphons for life! Congratulations to the graduating class of 2016!

When I came here, I came with a dream. The first thing I did, was to throw away the map and draw my own. It wasn't easy. It will never be easy. As I know, graduation is not the end for my journey, but a new beginning. Before it truly begins, I'd like to thank my family, my teachers and my friends for making my time at Selwyn a wonderful experience.

"To correctly some up my time here, I would have to roll back to day one of Selwyn. On this day a small timid boy walked into an unknown place, scared and lonely. The boy, who up to this point had spent his life in public schools, was uneasy in this new crowd. For a couple of years, Selwyn had been more about getting in and out than being a Gryphon. This changed for me in grade 5, when I walked in 9 inches taller than when I left and people noticed that I was unique. I joined the cohort of boys and learned to love learning with them. Fast forward to today, a day where I can count the amount of times I have left to wear my uniform on one hand, and I am left speechless by how far we have come. I would like to thank everyone that has helped forge my personality and teaching me what it means to be part of a community. I'd like to thank the athletics department for helping me understand the value of hard work, the math and science department for showing me what I love to do, and the English and arts departments for showing me how to express myself. The past three years at Selwyn House have been incredible, and I've grown so much during this phase of my life. Thank you for welcoming me, and for making my transition from homeschooling to Selwyn an enjoyable one. I owe a debt of gratitude to the teachers. Their enthusiasm and unwavering support inspired me to work harder, and explore all of my hare-brained hobbies. They made me the nerdy kidd I am today! Over the past five years at Selwyn, I've learned that even the friends in passing stay with me forever. I've had good times with every single guy graduating with me this year and the memories we've shared will never be forgotten. It's true that over time, friends change, but the brotherhoods that are shaped within these walls always turn out to be something new. I want to thank Selwyn for the friendships I have created here. Some of you have been with me through everything, you know who you are, and I'm so happy to call you my brothers. I need to thank all of the teachers who took the time to show me the right path and guide me to become who I am today. Thanks to my family, friends and thanks for a great five years, remember it's always for the boys.

5 years of Selwyn have past fast! I remember seeing the grade 11's back in middle school and it seemed a lifetime away. Now, here I am. I've made amazing friends and have had amazing opportunities, shoutout JM and OSLC! I would like to thank my teachers and all they have done for me. I wish the best of luck to my peers next year! It's amazing how quickly 5 years can pass when you go to a school like Selwyn. The sense of community and belonging that Selwyn brings is unrivalled by any other school. I am truly lucky to have been able to call this place my home for the last few years. A quick shout out to my day 1s. Firstly Yassine Belkhou, what a way we've come since preschool. I'm so proud of you and all the work you've put in to become such a well-rounded young man. I'll see you on the field next year :). Secondly, Greg Segal, from grade 7 football all the way to being one of the top QB-WR pairings in the league this year. I will miss you guys tremendously as we all take the next step in our academic and athletic careers next year. Another shout out to yumbo, big john ross, shawnye, ma_nu, klink and boyz. Although I'm sad to be leaving next year. I am once again incredibly lucky to be able to take a step back and reflect on all the amazing memories I've made at Selwyn.

I can't believe my time at Selwyn is over. I remember building forts with snow in the East Yard during recess. I think of the struggle of rushing to the front of the lunch line to get the bread. One of my favorite memories will be how kind everyone was to me when I moved to the 6ix in grade two. I thought my time at Selwyn was over, but when I learned that I would be coming back for high school I was both excited and scared. I was excited to be returning to a place where I had so many found memories, but I was scared about trying to reintegrate after spending five years away in Toronto. The people at Selwyn really made it easy for me and accepted me back as if I hadn't left. This school has always been there for me at my best and at my worst and I'll always remember how special this place is. Looking back I'm glad that I'll be able to say that I loved high school. Thank you to all the teachers and staff who are responsible for creating an amazing and one of a kind environment. Thank you Selwyn House for all the incredible memories.

I remember being in kindergarten and looking up to the massive grade 11s. I can't believe how fast I became one of them. My 12 years at Selwyn House went by so quickly. all the clichés are true. I can honestly say that as fast as they went by, these years were truly unforgettable. There have been so many amazing moments throughout my time at Selwyn, such as being called piano man at the kindergarten graduation and playing "Watermelon Man" one last time with Mr. Hannaford playing the drums. I'd like to thank my amazing parents for supporting me and allowing me to go to such an incredible school. I'd also like to thank my teachers for igniting my desire to learn. Lastly, I'd like to thank my friends for making my Selwyn experience incredibly fun.

I write this while tears flow from my eyes. An amazing 12 years of high school is coming to an end, I'm graduating from Selwyn House. Thank you Mom and Dad for dragging me into the corridors for the first four years of my journey. If you hadn't, I would never have been able to live the fantasy that is SHS. Thank you to the kitchen staff for ending my 8am-12pm famines. Thank you to every single faculty member for putting up with my lame jokes and monotonous voice 24/7. No crying, Held. Finally, thank you to the Graduating Class of 2016. Words can't describe my appreciation and love for all of you.

After 12 years of learning from the best, I say goodbye to my favorite place. I say goodbye to 12 years of destroying LCC in every sport. I say goodbye to retests in physics. Most importantly, I say goodbye to my family. You've taught me the true meaning of VERITAS, and for that, I am immensely grateful. I've read the large majority of these paragraphs in my 12 years in hopes that I could eventually write the perfect summation of my time at Selwyn. Faced with the task -- and therefore the imminent end of my time at Selwyn -- I can finally sympathize with the idea that the end sneaks up on you. My entire life has been Selwyn. Every weekday has been a certainty. A certainty that I would walk into the school's doors, whether they be the Speirs, Lucas, or Macaulay doors, and be welcome every day without fail. The more I think about it, the more certain I am that I have the boys to thank for that. Whether it was Frisbee, dropping chairs out of windows, or any hockey related event, we did it FTB. I have to give respect where its due: ST GS JC JC SA WL GD RG MF PG AIII. As I wrote that list, I realized that I could comfortably put everybody's initials in it, and if I didn't get to you, we don't have beef. Teachers: BM TD CL MT LF LM PS (huge one). It's been a ride, boys. Never forget it.

This has been a great past 5 years here at Selwyn. I came to Selwyn not knowing anybody and came out with a band of brothers. I probably won't forget all the memorable moments here at school, from the back to back Bantam football championship games, our grade 8 and grade 11 graduation, our hockey trip to Europe (in which we had many interesting experiences), and all the moments in between. I would like to give a shout-out to WR, YB, ST, JCC, EF, JK, BW, ML, JC and Shrew for even though not always seeing eye to eye, you guys probably helped me reach the memorable moments. I also wanted to give a special shout-out LM for the great years in Math class and hope that one day, we get to work on our entrepreneurial ideas. Finally, I would like to thank my parents, teachers, and coaches who helped me with making every moment count and leading me down the right path. I hope to see you guys some day and have some more memorable moments.

As my time at Selwyn comes to an end, I start to realise how lucky I am to have gone to such a great school. It has been the time of my life. I can't stop smiling as I look back at all the memories I have made and that I will never forget. Before I started Selwyn, I looked forward to graduating so I could finish school as soon as possible. Now, graduating is the last thing I want to do. It's hard for me to bear the fact that I am leaving the source of some of the best moments of my life. I am very grateful for the people that made this five year adventure so amazing. To my Mom and Dad I would like thank you for always supporting me. To the faculty, thank you for putting up with me and helping me reach my full potential. To the Class of 2016, I would like to thank you for all the great moments you have given me. All the inside jokes and nicknames that have been created cannot fit in this 1100 character paragraph. You guys have taught me so much and I am honoured to be able to call you my brothers. I love you all.

5 years down the road and I'm trying to figure out where the time went. Selwyn has been a second home and I have several people within these warm walls to thank for that. Thanks to Mr. Maurovich for refining my skills as an athlete and citizen and for always finding a way to get the best out of me. Thank you to Ms. Lumsden for believing in me and showing me I can accomplish anything I put my mind to. Most importantly, thank you to my boys who have made this journey so unforgettable. For always picking me up and having my back, thank you GS, JK, ML, JC, EF, WR, JC, YB and CS. Lastly, a big thank you to my parents for their endless support. I really couldn't have done it without you. I leave Selwyn a better man and with countless memories. From beating on Sirhan, to football camp at Bishops, to travelling Europe with the hockey team, I'll truly cherish it all. It's been real.

Coming in from a small Jewish school I did not know what to expect. Looking back, I know that coming to Selwyn House was a life changing decision that I will never forget. I would like to start by thanking my family for always being there for me and for the constant support. Next, I would like to thank (ER) for making my transition in grade 7 as easy as possible and introducing me to several of my strengths that helped me succeed throughout my 5 years. Thank you to (OM) and (JM) for maximizing my potential on the field and providing me with the opportunity to be a part of the Gryphon Football brotherhood. Thank you to all the faculty who made my time here at Selwyn extremely memorable and rewarding. Finally, I would like to thank all of my classmates for helping me grow into the person I am today. Last but not least, shout out to the BOYZZ for all the good times we had together and hopefully many more down the road.

Upon starting Selwyn, I was adrift. I didn't know anyone. I wasn't athletic. I wasn't academically inclined, but I was fairly shy. Now that I'm about to graduate, I'm able to say that it's been an odyssey. I've made many friends, achieved an abundance of awards, and experienced so much. I've been chased by tigers, become a school mascot, grown a beard, organized many school events, gone camping, grown an appreciation for classic Rock N' Roll, and have accomplished so much. I've learned calculus, acting, relativity, social skills, drawing techniques, Quebec history, literature, how to mock myself and others, and leadership. If I've learned anything it's how to be a leader. I would like to thank my Mom, my Dad, my grandparents, my brother, Spencer, my teachers, and all of my friends (who are too many to name). I couldn't have done it without the people at Selwyn. Everyone brings a bit of themselves to the school to make it a special place. As I approach the character limit; I find I'm running out of things to say. I guess 1,100 characters will suffice as I just hit the character limit.

I really enjoyed my time at Selwyn House, and wish all of my graduates the best in the future.

"I had a great few years at Selwyn House. Although Selwyn was a small community everyone was welcoming when I first came. Teachers and coaches taught me many lessons that helped me transition from adolescence. During my years at Selwyn I have gotten more confident in classrooms and on the field while making friends along the way. I will forever cherish my memories at Selwyn House. As a proud Old Boy, I hope to stay in contact with the school and other members of the Old Boys association"

On behalf of the Selwyn House Old Boys, congratulations to the Class of 2016 on your achievements and welcome to the Old Boys' Association [OBA]. As you each begin to branch out and veer off in separate directions, toward unique and exciting challenges, the OBA will always be available to you during your journey.

I also wanted to take this opportunity to speak to you, as new members, about how the OBA operates. Throughout the year, volunteer alumni and the staff at Selwyn House work together, creating and refining platforms to help Old Boys connect and re-connect with each other, and to facilitate regular collaboration between Old Boys and the school.

For example, the OBA already has a long-standing roster of events and tools available to support its Old Boys. In Montreal, various sports and arts options, such as pick-up soccer, blues band practice, or hockey and basketball tournaments, are always on offer to anyone wishing to participate. In other major cities, such as Toronto, Calgary, Vancouver, Boston, New York, London and Paris, annual reunions provide opportunities to see old faces in your new home. And across the world, you can shrink distance by using the OBA's social media tools or its online database. In 2016, one significant new development was the establishment of the OBA Toronto Chapter, managed by Ontario-based Old Boys, to provide sports and other activities to those in the GTA.

In parallel to supporting the Old Boys, the OBA also works to help give back to the school itself. For instance one valuable commodity an Old Boy may choose to give back to the school is his time, and you will always be welcomed back to Selwyn House whenever opportunities arise to coach, mentor or volunteer. Fundraising is the other area of giving where the OBA supports the school, and the Old Boys & Friends Golf Tournament serves as its annual sponsorship drive. All amounts raised provide funding for bursaries and the Old Boys Trip Fund. It is truly amazing how a little bit of giving from everyone makes such an incredible difference in the long run.

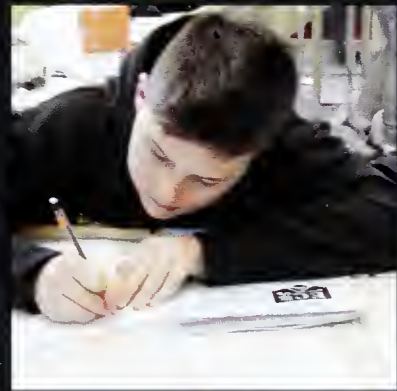

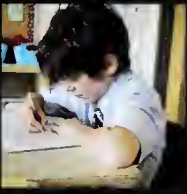

In closing, I want to reiterate my congratulations and best wishes to each of you, next fall and beyond. We're proud to have you as part of the OBA, and look forward to seeing you in the future.
